

WINERY WASTE WATER TREATMENT PLANT

Product family

ADB01xxx

Product	Flow (m ³ /d)
ADB01001	1
ADB01003	3
ADB01005	5
ADB01010	10
ADB01025	25
ADB01050	50
ADB01075	75
ADB01150	150
ADB01200	200
ADB01300	300

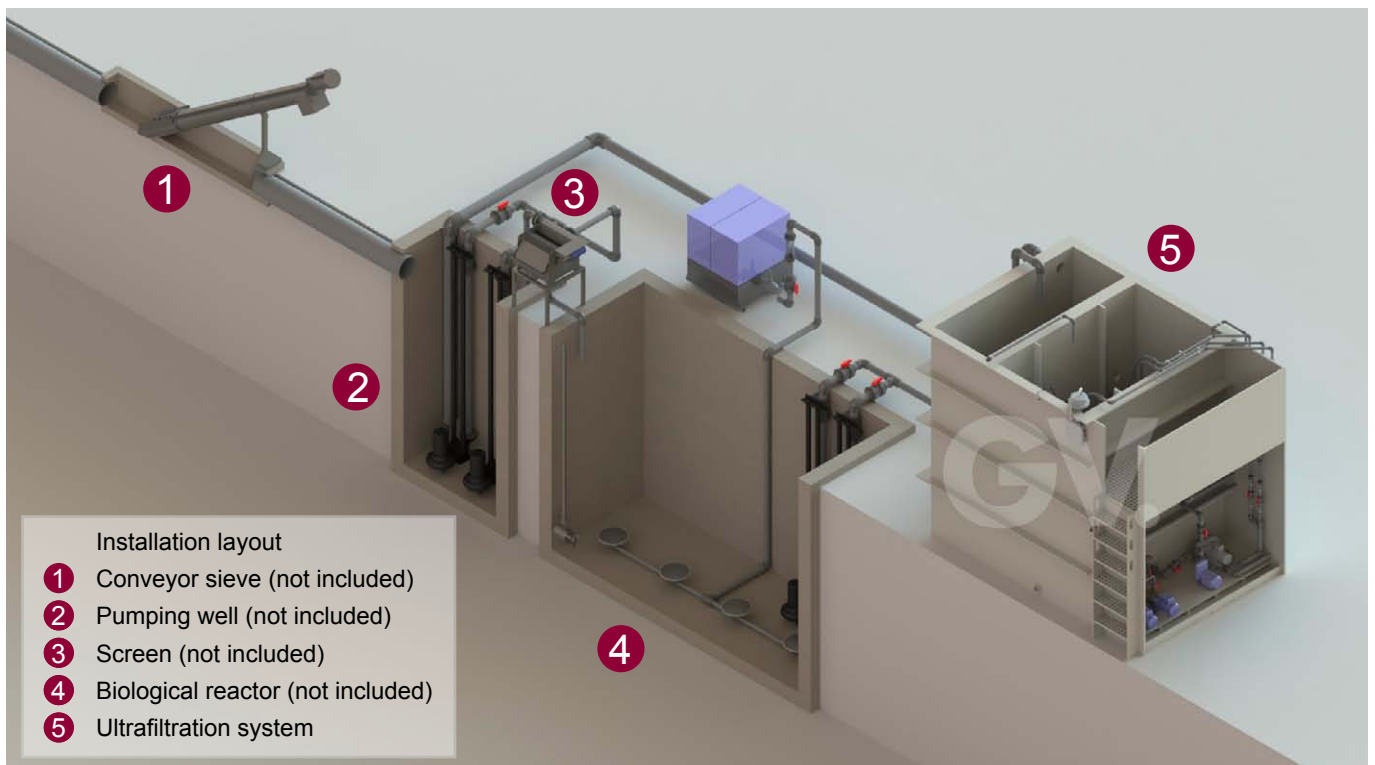

Ultrafiltration system

Applications

- Specific waste water treatment plant for wineries

Advantages

- Allows reuse of treated water
- Low power consumption
- Automated programmable system
- Specialised technical support

Installation layout

- ① Conveyor sieve (not included)
- ② Pumping well (not included)
- ③ Screen (not included)
- ④ Biological reactor (not included)
- ⑤ Ultrafiltration system

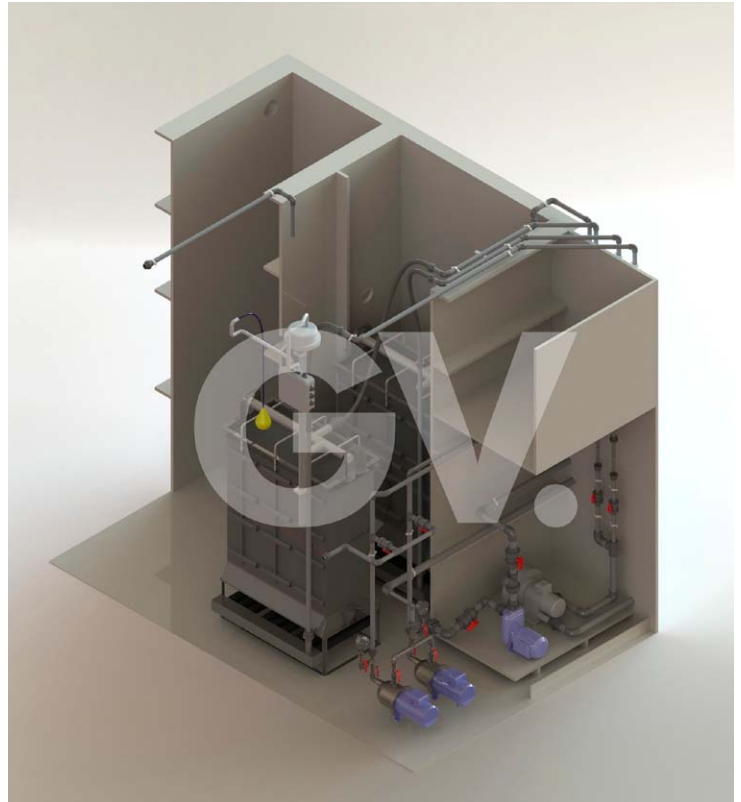

DEPURADORA DE AGUAS RESIDUALES PARA BODEGAS

Familia de productos
ADB01xxx

Producto	Caudal (m ³ /d)
ADB01001	1
ADB01003	3
ADB01005	5
ADB01010	10
ADB01025	25
ADB01050	50
ADB01075	75
ADB01150	150
ADB01200	200
ADB01300	300

Equipo de ultrafiltración

Aplicaciones

- Tratamiento específico para aguas residuales procedentes de una bodega

Ventajas

- Permite la reutilización del agua tratada
- Consumo energético reducido
- Sistema automático programable
- Servicio técnico especializado
